

## How to hold regular/scheduled payment:

### Step 1

Choose «*Transfers*» and «*Transfers history*» in menu.

The screenshot displays the Winbank website interface. At the top left, the logo 'winbank' is visible, along with the date 'Tuesday, July 15 2014'. On the top right, there are several navigation icons: a currency exchange symbol, a Euro symbol, a home icon, a network icon, and a person icon. A vertical sidebar menu on the left contains the following items: 'MY PORTFOLIO', 'PAYMENTS', 'TRANSFERS/REMITTANCES' (highlighted with a blue bar and a white border), 'SERVICES', 'SECURITY SETTINGS', and 'MY MENU'. Below these items, there are three sub-menu items: 'Transfers', 'Remittances', and 'Payments/Transfers History'. The main content area is titled 'Transfers/Remittances' and contains three paragraphs of text. The first paragraph, under the heading 'Transfers', explains that users can transfer funds among their accounts or to someone else's account in Piraeus Bank on-line and completely free of charge. It also mentions that users can select a future date for transaction execution or define a recurring money transfer between Piraeus Bank accounts on predefined dates convenient to them. The second paragraph, under the heading 'Remittances', states that transfers are available to other banks in Ukraine and abroad. The third paragraph, under the heading 'Payments/Transfers History', describes how users can run through all of their transfers and payment orders, view their details and execution history, and manage their pending payment orders and those set by them as recurring payments.

**Transfers/Remittances**

Transfers: Transfer funds among your accounts or to someone else's account in Piraeus Bank on-line and completely free of charge. You can also select a future date for transaction execution or define a recurring money transfer between Piraeus Bank accounts on predefined dates convenient to you.

Remittances: Transfers to other banks in Ukraine and abroad

Payments/Transfers History: Run through all of your transfers and payment orders, and view their details and execution history. You can also manage your pending payment orders and those set by you as recurring payments.

## Step2

Choose «Recurring/Scheduled» in a field «Execution mode». If you aren't sure in posted date, change it on earlier. Status «In process» and mark «Regular» will easily let you find necessary sum.

Choose payment and press «Temporary pause» or «Delete».

### Step 3

Press «Delete».

The screenshot shows the Winbank website interface. The top header includes the Winbank logo, the date 'Tuesday, July 15 2014', and several navigation icons. A left sidebar contains a menu with options: MY PORTFOLIO, PAYMENTS, TRANSFERS/REMITTANCES (highlighted), SERVICES, SECURITY SETTINGS, and MY MENU. Below the menu is a section for 'Transfers' and 'Remittances', with 'Payments/Transfers History' selected. The main content area is titled 'Payments/Transfers History Details' and features an 'SMS extra PIN' icon. The details are as follows:

ATTENTION :	Your payment accepted in the Bank and will be processed. Please monitor the status of payment in Transaction History.
Payment Order Id	I265653
<b>Transaction details</b>	
Account From	26202001200137.UAH
To Account	26201001200138.UAH
Amount	50.00 UAH
Purpose	Перерахування коштів на власний рахунок по системі інтернет-банкінгу Winbank/ Funds transfer to own account through Winbank
<b>Scheduling</b>	
Execute	On 15/07/2014, On the first working day of the month

At the bottom of the details section, there are two buttons: 'Back' and 'Delete'.

### Step 4

Make sure that regular payment was deleted.

The screenshot shows the Winbank website interface after the deletion of a transfer. The top header and left sidebar are identical to the previous screenshot. The main content area is titled 'Operation completion' and displays the following message:

The transfer has been successfully removed  
Please choose a different operation from the main menu

At the bottom of the message, there is a single 'Back' button.
